POPE DIES IN ROME

CHICKS POISON VICTIMS

A dozen fine, plump chickens are dead from poisoning, as the result of what is thought to be a neighbors' quarrel.

Mrs. Emma Hains, residing at the corner of Eureka and Wall streets, who owned the chickens, went to the chicken coop and found all twelve of her prize fowls lying on the ground, dead.

One of her neighbors had threatened to poison the chickens last week, according to a statement by Mrs. Hains to Humane Officer D. W. Calfee yesterday. Investigation did not yield any evidence and the police department are making an effort to discover the perpetrator of the alleged offense.

Examination was made of several of the fowls and the presence of poison found.

NEAR DEATH AS RESULT OF BRAWL

Resulting from a knife brawl at Valona Sunday night, Domingo Bulampati is lying at his home near death, slashed and bleeding, while Joe Gefanti is in the custody of the Valona prison, with a murder charge held over his head, awaiting the result of the duel.

Both men were returning from a night of revelry with friends, and a quarrel arose, which led to blows and later to cutting.

Gefanti fled from the scene of the cutting, and was later taken into custody by Constable Fox.

Both men are employees of the Selby Smelting works.

LEAVES FOR HOME IN SAN DIEGO VISITED HERE

Miss Alice Scholes left for San Diego yesterday after an extended visit with friends here.

IVERSON REPLIES TO QUESTIONS OF M. & M. ASSOCIATION'S LETTER

Through Paul Scharrenberg, chairman of the California State Federation of Labor Legislative Conference, that organization has sent to all candidates a letter in which twelve questions are propounded in regard to the standing of the various candidates. Upon the heels of this article, the Merchants' and Manufacturers' Association, through its secretary, Seneca C. Beach, has sent Mr. M. Iverson of this city, asking his answer to these questions. Iverson has sent to the newspaper a letter in answer, in order to give the public a comprehensive idea of the affair. The various letters follow:

Dear Sir: The Legislative Conference, representing the California State Federation of Labor, the State Building Trades Council of California and the affiliated central councils and local unions throughout California, herewith submits twelve questions.

FIRE HOUSE NOT LIKE HOME SWEET HOME SAYS JACK

Claiming that he did not like the idea of sleeping in a fire house, in company with other firemen, Jack Feudner resigned from his position as call man for fire company No. 1 last night.

Le Moine brought the matter before the city council last night, and with smiles on their faces the council accepted the resignation, appointing William J. Dwyer to fill his place.

ARCHITECT IS VISITOR AT HOME OF REV. WHITE

George H. Higby, accompanied by his wife and mother, who was the architect for the Presbyterian church of Richmond, was a visitor at the home of the Rev. Guy A. White. Several photographs of the church were taken.

MISS BROWN RETURNS FROM VALLEY TRIP

Miss Mary Brown returned yesterday from her vacation in the San Joaquin valley.

Police Patrol Is To Become Reality

That Richmond will have a new police patrol is now practically assured. The matter was last night turned over to the police committee of the city council, and all that now remains is to determine what sort of a machine will be purchased.

KANE TRIAL ON FRIDAY MORNING

Patrick Kane, charged with a criminal assault upon his daughters, aged 9 and 11 years, will be put up for trial in Police Judge Lindsey's court Friday morning at 10 o'clock. Kane will be represented by Attorney Bradley. Kane is being held at Martinez under \$5000 cash bail.

LUDEWIG SCORES HANCOCK

The protest against the improvement of scenic avenue, which was made by H. M. Hancock and Paul Dunlap, was overruled last night by the city council, following much oratory and many heated arguments from both sides of the room.

Hancock came in for a lusty scoring by Councilman Ludwig for taking up the council's time on protests in which he had no real interest. "About half of the street protests which have been brought before the council have been brought by Hancock," said Ludwig. "If he has a friend or relative who owns property on a street about to be improved, the next thing we hear about we are called to hear him protest."

The protest against sewer work by H. C. Cutting, which was set for last night, was postponed until next Wednesday night.

15 ARE TAKEN IN RAID ON "BLIND PIG"

Richmond has long needed a police patrol. At present the arrests have to be conveyed to the jail in street cars, which is offensive to many of the passengers in the cars.

There are many times when the matter of speed enters into the making of an arrest, and the new patrol will mean much to the efficiency of the department.

CHIEF OF POLICE WALKER, ACCOMPANIED BY SERGEANT REED, LAST NIGHT RAIDED TWO BLIND PIGS AND MADE 15 ARRESTS.

The place conducted by Mike Ratz, at the top of the hill near the end of Tunnel avenue, was raided first. Watching the inmates drinking through an open window, the chief of police and his men rushed the doors and arrested the ten men who were inside. Although they are supposed to have given fictitious names, the men were employees working on the construction of the new municipal tunnel. The place has been under suspicion for several days, and this morning shortly after the midnight crew had quit work the raid was made.

A place operated by Joe Obrivich, over a bakery at Santa Fe avenue and Richmond avenue, was also raided. Only two men were found drinking in the place, and after taking evidence, the two men were arrested with the proprietor.

They will be brought up before Police Judge Lindsey today and a date set for the trial.

The men who were drinking were warned and turned loose.

Among them were Hall Brown, M. Muech, Peter Merri, Perry Benda, Mike Benda, Mike Scottich, James Smith, Steve Bodovich, Red Morish, M. Smith, Peter Morish and Perry Blidak.

In War Limelight

THE BRAINS OF THE FRENCH ARMY.

These military geni constitute the brains of the French army. The photo shows the 65-year-old commander of the French forces, General Joffre (at left) studying a war map with General de Castelnau (heavy moustache) and General Sorbot at right, members of the staff.

DEPOT CASE UP BEFORE COMMISSION THIS A. M.

The State Railroad Commission will meet at 10 o'clock this morning to hear the suit of the city of Richmond vs. the Southern Pacific Railroad company, relative to forcing the railroad company to erect a new concrete depot.

Word was issued last night to those interested in securing the modern building for Richmond, asking them to attend the meeting, and a large crowd of interested Richmondites are expected at the meeting.

HORSE VICTIM OF AN ATTACK

What is regarded as the most horrible example of depraved mentality which has been exhibited in Richmond in many years was uncovered by Humane Officer D. W. Calfee this week. A horse valued at \$300, the property of Clifford Fallon, a contractor residing on Cypress avenue, Stage, was found in a field near the owner's home, bleeding and moaning in distress, beside a blood-stained ax, late Saturday evening. The horse was last seen by the owner in the afternoon, but a few hours before the horrible crime was discovered.

The police were notified, and an effort has been made to discover the perpetrator of the crime.

It is believed that the work is that of a maniac lusting for the sight of blood, and although several clues have been gathered by the police force, nothing definite has been learned. Can the owner of the ax be found, the mystery may be cleared, but so far the search has been fruitless.

The right thigh of the horse was completely cut off with the ax, and a motive for the crime cannot be found. There was no evident intention to kill, is the belief of those who have been working on the case, as the horse would have been hit in a more vulnerable place. The horse was evidently standing up when the crime was committed.

It is thought that the horse may live, although the loss of blood was great and the misery terrible.

ROME IN TEARS; DEATH SHOCK

Although the local Catholic parishioners had received no confirmation of the report of the death of the Pope at Rome, the News shortly before 2 o'clock this morning received definite information that the Pope had died late last night. The report that he had passed away earlier in the day was false. At the Pope's bedside were his relatives, while in St. Peter's church all of the Cardinals in the city were at prayer. According to the information received by the News, the city of Rome is clothed in sorrow. When the news of the Pope's death was circulated thousands wept and prayed in the streets. Arrangements for special mourning services in the local Catholic churches will probably be made today.

NOT SO BIG AFTER ALL

Despite the general opinion prevalent, the primary ballot will not be of unusual size this year. The ballot this year will be 24 by 30 inches. There will be six ballots. Five of these will be party and one non-partisan. Sample ballots are being mailed from the county seat to all of the registered voters, and these will be received if they have not been already in a very short time. The counting of the ballots is causing a good deal of conjecture, many being of the opinion that it will take anywhere from 48 hours to a month to count the votes.

RETURNS TO RICHMOND AFTER SEVERAL MONTHS' STAY IN SOUTHERN CITY

Mrs. L. B. Snyder and daughter, Gladys Snyder, have returned to their home in Richmond, after a stay of several months in San Diego for the daughter's health.

Mrs. Snyder stated yesterday that she thought her daughter's health would be as good in Richmond as anywhere, and has decided to remain here.

Richmond Center Will Meet Today

A meeting of the Richmond Center of the California Civic League will be held this afternoon at 2:30 o'clock at Moose Hall. The meeting will be open to the public. Candidates from any party will be given the privilege of addressing the audience, each being allowed five minutes in which to present his case. One of the features of the afternoon's gathering will be a discussion of several of the questions which will be decided in the coming election. One of these will be the eight-hour law. A representative from the Central Labor Council will be present and will speak on this important subject.

Mrs. C. S. Gibson will lead the discussion on the proposed blue sky law. It is expected that a large crowd will be present.

CONSCIENCELESS AMERICANS.

The same spectacle of some "enterprising" Americans taking advantage of a war in Europe to raise the prices of food stuffs is a spectacle which has always been presented the people of the United States.

When the Mexican trouble started an increase in the price of food stuffs was made by the big manufacturers because of the turbulence in the Republic to the south.

Before that, when the Balkans were involved, the manufacturers seized upon the chance to increase their prices because of "certain raw materials which cannot now be secured."

Previous to that, when the Spanish-American war was on, the prices of commodities were increased.

In between times, if it isn't war it is a strike or a plague in South America, or "increased cost of production," or something else which is used as an excuse for increasing prices of food stuffs.

And the fellow who never gets any higher wages because of the war, the man who plods day after day, week after week, month after month, year in and year out—the working man—is the man who pays the increase in order that the recalcitrant son of the wealthy manufacturer may get a check to replace a \$10,000 French car he wrecked in a wild joy ride.

The war in Europe has not affected this country materially except to cut off markets. This, by all laws of trade, should cause an accumulation of products in this country which would have to be disposed of at lower cost in order to move them; but mark you, in this day of fine and scientific manipulation of finances the same cause upon which is based a lay-off of workers because of "over production" is used as the basis of an increase of price in commodities "because of the scarcity of raw materials."

Fine spectacle, indeed, these human vampires, these two-legged leeches who are willing to sap the savings of their fellows because they see a chance to capitalize in America the misery of Europe. Fine spectacle, indeed, these patriotic Americans, who never did and never would go to war to defend this country, but who seize upon war as an excuse for further bleeding their fellow countrymen.

In the name of Almighty God, what must these men think of themselves, these men to whom the rim of the horizon is but that of a dollar, these men who buy their wives and daughters fiery wrung from suffering, sweating millions, these men who ride on tires filled with the live energy of their brothers, these men who throw honesty, integrity, pride, patriotism, religion, everything that makes a man a man, to the winds in order to see a few millions more from the pockets of the poor?

What must wives think of husbands who will thus feed upon the misery of their fellows?

What must daughters think of fathers who pray upon the populace, parasites to whom a world calamity means nothing more than a chance to wring the dollars from the pockets of the needy?

These unpatriotic Americans who thus take advantage of the spilling of human blood across the waters remind us of the lumberman from Canada who upon first viewing the grandeur of Niagara Falls, in responding to his wife's exclamations of wonder,

replied: "Yes, they're great, but they're a h—l uvaloto' power goin' t' waste."

To some puny humans the curve of the ocean's brim and the contour of the prairie remind them of a dollar.

To some humans—God save the mark—misery and blood and suffering and grief and war mean only a chance to wring at the expense of more misery and suffering a few more dollars from the pockets of the people.

What do you suppose a man must think of himself when he sees his image in the mirror and has to say to that image: "You are a greedy, blood-sucking, narrow-souled, mean dispositioned, screw worm boring into the vitals of your fellows that you may sap a few more drops of energy in silver or gold from them?"

Only the heavy-paunched, pig-jawed, over-dressed, over-fed, luxury-loving parasite who increases prices on the least provocation doesn't think that way. His idea of the acme of human happiness is to add a few more shekels to his vast store, and to huddle with the work and misery and privation it costs the poor.

These are the men who would coin a woman's dishonor. These are the men who would capitalize a man's misery.

These are the men who would deprive the child of an education for the sake of a dollar.

These are the men who would attain their fortunes at the expense of virtue.

These are the men who would become millionaires at the cost of manhood.

These are the men who would willingly see humanity go down in damnation of poverty that they might heap a few more stacks of gold in their bank vaults.

These are the men who would string about the necks of their women diamonds in which every sparkle was that of a tear of a woman gone to shame for her bread.

These are the men who know no brothers but the eagles on the gold. These are men who know no loves but that of the woman on the silver coin.

Fine, aren't they, these men who sit in their palatial homes planning how to get more gold to satisfy their greed?

Fine, aren't they, these men who live in their downy beds scheming how to increase their profits at the expense of the public?

Fine, aren't they, these men who forget God, humanity, right, fairness, justice, everything in their wild clutching at the coin of the realm?

And what of the end? Purple-faced, choking, gasping, trying to breathe out a prayer for their souls, these men finally come to their last hour to call upon God Almighty to forgive a life of sin and greed. No longer is their gold good to them. As their families stand in silent groups about their bedside, the son figuring on what his share will be, the daughter wondering whether she can afford a yacht or not, the widow calculating upon the fashionable hotel and the train of young courtiers, these human parasites pass out calling upon the God of the poor to save them from perishing while their stacked gold, each piece representing the work and sweat of some poor devil, lies unavailing.

We would rather be a poor man.

EXPLAINS BOND VOTE.

Editor Richmond Daily News—Sir: A reason why the water bonds were not carried and Socialists in general did not vote for it is:

Municipal ownership without democratic management is from a Socialist view point only a little finer form of the capitalist graft system. In that work is let to contractors of ten outside the municipality and workmen are secured at a cheap figure from outside the community, causing a drain of moneys out of the city instead of a local circulation. Thus the local property owner is not given an opportunity of getting anything on his investment.

Is that fair to local workmen? Is that fair to home industry?

We Socialists want to do away with that contracting system. A man with knowledge and experience should be hired to manage work of the city. He should be empowered to hire men (as far as possible home men) at fair wages and see that the work is done right and according to specifications. This will be effective in stopping to a certain extent graft. Give local people employment and keep the money in circulation at home.

The council and managers should be selected, controlled and if necessary recalled by the majority of the voters in a simple, practical and at a reasonable figure—a just and correct system. And not only Socialists, but every voter should work to attain this mark. In other words, eliminate chances for rottenness and graft in every corner.

Respectfully yours,

J. O. W.—N.

IVERSON REPLIES TO QUESTIONS OF M. & M.

(Continued From Page One.)

3. Are you in favor of abolishing the property qualification of jurors?

4. Do you favor a system whereby voters absent from their precincts may nevertheless be enabled to cast their ballots at state elections?

5. Are you in favor of granting a jury trial in cases of contempt of court in labor disputes?

6. Do you favor a more liberal appropriation for university extension work, with a view of bringing the state university nearer to the needs of the working people?

Under the present compensation act injured employees must wait two weeks before being allowed any compensation. Do you favor reducing such waiting period from two weeks to one week?

8. Do you favor stringent state regulation of private detectives and private armed guards?

9. Do you favor amending the alien land law by eliminating the leasing clause?

10. Do you favor protective legislation for those engaged in the manufacture and handling of Portland cement?

11. Do you believe that the state should provide work for residents during periods of general unemployment?

12. Do you favor a state constitutional amendment to regulate and limit the practice of courts to declare laws unconstitutional?

Mr. M. Iverson, Richmond, Cal.—Dear Sir: The enclosed copy of letter from the California State Federation of Labor was mailed to every candidate for the State Senate and for the Assembly and we presume you have received a copy of same.

The Merchants' and Manufacturers' Association, as representative of the business, manufacturing and industrial interests of California, is desirous of compiling data as to how this letter was received by the various candidates for the California Legislature and your answers to same.

The California Legislature is presumed to be a representative body of men, who are to be nominated and elected, not to represent any given class, but to represent their particular constituents primarily, and the whole people of the state of California secondarily.

The Merchants' and Manufacturers' Association is asking for no special privileges from candidates for members of the legislative body, but its members do desire to know whom they ought to support as representatives of the whole people, and that is the purpose of sending this letter.

If you have received the letter described above, and have given answers to the twelve questions thereon, will you kindly mail to this office your answers to same so that we may advise our membership and the business interests generally throughout the state as to your attitude on the questions asked you by the State Federation of Labor?

A prompt answer to this request will be a favor to us and we hope a profit to you.

Yours truly,
MERCHANTS' AND MANUFACTURERS' ASSOCIATION.
By Seneca C. Beach, Secretary.

Editor Richmond Daily News: I have prepared the following answer to the Merchants' and Manufacturers' Association letter directed to me, and have treated my remarks to the general public.

I am thankful for the opportunity given me to answer the letter. I did receive the letter from organized labor, including the twelve questions, which were all answered in the affirmative. The letter states that the purpose of the members of the M. & M. A. in communicating with candidates to the State Legislature is for the purpose of finding from whom they ought to support as representatives of the whole people. I will say that the people of the state are divided into two hostile classes—the employers and the employees. The tool owner and the tool users. No legislator can represent both classes, but all of them need the employees vote to be elected.

In my opinion it requires a Socialist to represent all the people, for he knows that society is an organism which is continuously attaining a healthier condition. The cause of the present unhealthy state can be found mainly in the fact that a revolution has taken place in our method of producing.

The Socialist beholds the man of big business as a victim in this class struggle in that the wealthier he becomes the more exclusive and inhuman he becomes.

This is, in brief, my answer and my reason for believing that I as a Socialist can best represent the interest of the whole people if I am elected to the State Legislature.

A Horse Is Worthless

Unless he is correctly shod. To shoe a horse correctly, a shoer must have experience and knowledge. I have studied shoeing for 16 years, having graduated from the shoeing school in Altona, Germany in August, 1902 and I ought to know something about it and I do. But I don't know it all, in fact I never expect to. You see there is so much to shoeing horses correctly that a man doesn't live long enough to learn it all. That's why you cannot afford to have an inexperienced man to work on your horses.

SIX ANSWER FEDERATION QUESTION

Answers have been received by the California State Federation of Labor to the ten questions submitted to the national, state, county and local candidates for public office. Separate copies of ten questions each on matters of importance to the people were prepared by the Federation and were submitted to the candidates for their answers.

The lists of questions as submitted to the national and to the state candidates, together with the answers of six candidates, are as follows:

Questions.

1. Will you support and vote for a bill which will exempt the voluntary associations of working people and agriculturists from the Sherman anti-trust law?
2. Will you support and vote for a bill regulating and limiting the issuance of injunctions differentiating between the normal and constitutional activities of men on the one hand, and property and property rights on the other, and which will carry with it a clearer and more intelligent definition of the meaning of the term "conspiracy"?
3. Will you urge and vote for a bill providing for a more comprehensive employers' liability law, or for a bill that will insure automatic compensation to employees injured by accident during employment in all interstate commerce?
4. Will you urge and favor a bill which will protect the people of one state from the ruinous competition of contract convict labor in another state?
5. Will you support and vote for a bill that will insure greater safety at sea for passenger and crew of the merchant marine; better working conditions for seamen, and the abolition of the present barbarous penal provisions confronting seamen?
6. Do you favor an amendment to the Constitution of the United States to regulate and limit the practice of courts to declare laws unconstitutional?
7. Do you favor an amendment to the Constitution of the United States providing for the initiative, referendum and recall?
8. Do you favor the right of the people to recall federal judges?
9. Do you favor an extension of the Chinese exclusion act so as to bar all Asiatics?
10. Do you favor the literacy test for all immigrants to the United States?

Answers.

Chester H. Rowell, Progressive candidate for United States senator: Yes to questions 2, 3, 4, 5, 8; qualified yes to 1, 6, 7, 9. No to question 10, as he deems such test not suitable as he understands question at present.

James D. Phelan, Democratic candidate for United States senator: Replies amount to yes on questions 1, 2, 3, 4, 5, 9; favorable in a general way to 7; undecided as to 10; indicates no opinion on questions 6, 8. Fears he would violate the election laws if he should give pledge as to a specific bill.

Thomas F. Griffin, Democratic candidate for United States senator: Yes to all questions.

Ernest Unterman, Socialist: Yes to all questions.

Third Congressional District—David T. Ross, Socialist: Yes to all questions except 10, to which he replies no.

Eighteenth Assembly District—Michael Iversen, Socialist: Yes to all questions except 7, which he does not understand, whether or not it is for the benefit of the working class.

SOCIALIST DANCE TO BE HELD IN MAPLE HALL THIS EVENING: MANY EXPECTED

The much heralded campaign ball of the local Socialist party will be held this evening at Maple Hall. An unusually large number of tickets have been sold and it is expected that the dance hall will be taxed to its capacity. Excellent music has been secured for the affair and a

committee which has been working on the details of the event for the past few weeks is satisfied that all who attend will enjoy themselves. The dance has been so arranged that several of the candidates will be enabled to do some electioneering. A number of unique surprises along this line have been planned and the affair promises to be a huge success.

A committee consisting of T. O. Carman, Scott Melville and George is attending the arrangements.

WHIST PARTY OF PYTHIANS ATTRACTION

The candidates' whist party to be given by Contra Costa Temple of Pythian Sisters Saturday evening at Pythian Hall is attracting considerable attention. Elaborate preparations have been made for the affair and a large attendance is anticipated. Valuable prizes will be awarded the winners. Prizes are being displayed in Pulse Bros. store. Jones Saved \$50
JONES owed one of our merchants fifty dollars. He gave said business man his check for the amount. The business man forgot to give him credit and the next month presented Jones with a bill for \$50.00. "I have paid that bill," said Jones, "and there is the check, endorsed by you." That settled it.

GORDON IS SLATED FOR MOUND

NINE ARE IN LINE FOR TITLE

ARE AFTER "CHAMP PREFIX"

WILL THEY GET? YOU BET

Southpaw Frank Gordon, the old reliable, will work against Concord in next Sunday's battle on the local pastures. The old woupe bone is in tip top condition and it looks as if the Concord lads were due for another trimming. The local management announced last night that there would be no changes in the regular line-up. Everything looks fine and while it is not anticipated that the score will bear any resemblance to the fiasco at Concord, it is generally believed that the locals will bring home the bacon.

Considerable interest is being manifested by local fans and fanatics in the team. Many of the wise ones came out with the announcement that after we had received our second defeat at the hands of Petaluma there wouldn't be enough paid admissions to the park to pay the carfare of the club. Now, however, these lads are getting wise to themselves and are loud in their praise of "OUR HEROES."

According to a rumor received here last night by wireless, Martinez is preparing for another invasion of our sacred shores. However, outside of the team itself, Martinez boasts a number of good jokes.

After glancing over the performances of the various state semi-pro teams, we have come to the conclusion that the Elks are about the classiest bunch of ball players ever gathered in one bunch. They have the best pitchers, the best fielders and the best stickers. Catcher Cleek is as good as any of 'em. That's why we think that the local boys will yet land that state semi-pro title.

IT IS UNDERSTOOD THAT MISTER McNAMARA IS GOING TO START A MUSEUM OF SOLID IVORY SPECIMENS.

NEW TWIRLER TO MAKE DEBUT SUNDAY

The Point Athletes signed up a twirler yesterday who from his past record promises to be one of their strong men in their coming games. His name is Eddie Spier and he hails from Bakersfield, San Bernardino, Fresno and other points south. He has pitched amateur ball for several years.

He will make his debut before Richmond fans on next Sunday, when the Pointers will again take on the Hales team from Oakland. They vanquished them in a well played game last Sunday, to the score of 5 to 4, and a good crowd promises to be out for the coming game.

SHORT SPORTS

FRANKIE BURNS was given the decision over Eddie Moy at Piedmont Pavilion, after a 15-round battle, which was marked with pep from start to finish.

DUKE KAHANAMOKU set a record in the 50-yard swimming dash at Camp Curry, Yosemite Valley, with a time of 28 seconds flat. Walter Pomeroy also set a record of 8:34 in the 450 yard event.

TWO rival driving clubs, the San Francisco and California, consolidated yesterday.

CHARLEY WHITE and Harlem Tommy Murphy will probably meet in a 20-round boxing bout at San Francisco late in September. Murphy has agreed to box on any date in September which Coffroth may select.

NOT more than half of the contestants in the championship golf games at Midlothian, Illinois. Much enthusiasm is being exhibited, however, and much attention is being attracted from throughout the United States.

VALLEJO will play the season's first football game Saturday. Coach Fiekes will have arrangements in hand.

GEORGE KLEPPER, now pitcher for the Venice club, has signed with the Chicago Americans for next season.

ELLA FOTRELL, Alfred S. Dabney, William M. Johnson and George Peabody Gardner won their places in the rounds at Southampton, N. Y., in the semi-final Meadow club tennis club singles.

THE SMITH-AHEARN fight, scheduled for London, has been called off. Gunboat Smith will sail for America today.

AT ANACONDA, Zoel took first, Rosch took second, Wild Bear third and Christopherine the fourth race.

JOHN ELLIOTT of the Pacific Association yesterday received a letter from James E. Sullivan stating that he had been asked to make a ruling as to whether or not Howard Drew can compete under the colors of the Los Angeles Catholic club, and handing down the verdict of ineligibility.

A BAD ANKLE may keep Charles E. Evans, three times western amateur champion, from entering the national open golf championship.

OFFICIAL MAP OF COUNTY ADOPTED BY BOARD

Contra Costa county's official map will make its appearance within the course of the next ten days. The map is the work of Surveyor Ralph R. Arnold, aspirant to the office of county surveyor, and is one of the most comprehensive outlines of the county ever produced. More than eight months have been consumed in drawing the map and no boundary detail has been overlooked. The supervisors at their meeting Monday adopted the map and ordered its publication.

NEW SCRIBE IS PLEASED WITH THE ELKS

Iema Samhandwich gave the personnel of the local Elks the once over yesterday and remarked that it was curtains for Concord. Samhandwich was in consultation with Billy Luce, Howard French, Cornelius O'Hara and several others connected with the club, and gave out the following official statement:

"The Elks are a bunch. If Concord wins it will be because they score more runs than the local team. I have reached this conclusion after delving into past baseball history. But the chances of Concord scoring more runs is very slim."

Samhandwich also stated that the local nine was about the classiest bunch of baseball tossers that he has ever seen. Samhandwich was still weak from his long trip and will not be able to give a regular dope sheet for several days.

NAUGHTY DAN GILLEN HURLS ALLEGED DIRE INSULT UPON MARTINEZ PLAYER; GAME OFF

The much-talked-of series between Martinez and Vallejo, which Martinez paid \$100 for in cold cash, was called off yesterday, owing to the fact that Martinez claims dire and dreadful insult to one of her favorites by Gillen of Vallejo.

"He applied a vile epithet to Ed. Jackson, our favorite player," said Martinez, and therewith the game was off.

The calling of names was alleged by Martinez to have taken place in Richmond at Sunday's game, at which Gillen was present.

LOCAL MEAT CUTTER TAKEN TO MARTINEZ

Relations with the navy yards have been canceled, and Martinez is what you'd call right angry over the abuse of his favorite.

All of which has caused a little stir of comment in Richmond, and ball fans here are asking "Is Martinez going to go out of the baseball business?"

HIGH SCHOOL NOTES

BY SCOOP

"ON TO MARTINEZ."

The first football practice of the season was held yesterday afternoon on the new gridiron. A good crowd was out, but within a few days all of the twenty-five or thirty aspirants for the team will be out for daily practice. With the field so handy to the dressing rooms and shower baths in the gym, this promises to be a banner year for football.

Captain Kelly will undoubtedly be on the field tonight for a talk with the boys. The motto adopted by the team for the season is "On to Martinez."

CLUB MEETS TONIGHT.

Tonight the first regular meeting of the Rodeo Club will be held. There is a great deal of business to be disposed of at the meeting and President Valera McLarney is anticipating a large attendance. Twenty-four new members have been added to the club this year, filling vacancies made by graduations and departures of last year. As the membership is limited to fifty, the club is once more carrying a full list.

TO FILL VACANCY.

A vice president will be elected at the meeting to fill the place of Vice President-elect, Herschiel Frazier, who will not return to school this year.

Plans for the supporting of debating, dramatics and other activities of the club will be discussed at the meeting, and a general line of action for the coming year will be outlined.

A REAL RECEPTION.

Much talk is going the rounds in the school of holding a freshmen reception this year, which will be more of a real reception to the new students than in former years. The amount of dancing will probably be curtailed. An elaborate program has been planned.

GIRLS' BASKETBALL PRACTICE. The first girls' basketball of the season will be held in the gym this afternoon.

PRESENTATION OF 'B'S.

Plans are under way to provide for the presentation of the high school athletic "B's" at the get-together and general school spirit rejuvenation rally to be held early in September. Several "B's" are due baseball, basketball and tennis players and the customary presentation is awaited with great interest.

LOCAL BRANCH OF G. O. P. MEET

Judge John E. Richards of San Francisco was the main speaker at the meeting of the Richmond branch of State Women's Republican club yesterday. The meeting was well attended and several of the county and local candidates also spoke. Mrs. Mendez sang a campaign song and Mrs. R. L. Uish, accompanied by Mrs. Lyford on the piano, sang the state women's suffrage song.

Among the candidates who spoke were Martin Joost, Ralph Arnold, A. S. Ormsby, Frank Smith and A. M. Duff. Plenty of enthusiasm was manifested by the women, who were supplied with hors d'oeuvres and noise making tools.

Several of the candidates left early to attend the candidates' ball, held in Walnut Creek last night.

TO REMODEL BANK HALL

Bank Hall, for many years used as a meeting place by many of the oldest lodges in the city, is to be remodeled and made into office rooms, is the rumor current on the streets of Richmond yesterday. Several of the lodges have received notification that their leases could not be renewed, and it was understood that the hall was to be remodeled and made into an office building.

The small hall will be the first to be affected by the new change. Among those who have used the small hall of late are the Woman's Catholic Order of Foresters, the Silver Spray lodge of Woodcrafters, the Machinists' local, the Herman Sons, Herman Sisters, United Spanish War Veterans and Ladies' Auxiliary.

Anticipating the passing of a state law requiring all teachers of Sunday schools to qualify according to standards of education, ability, etc., the Richmond Church Federation have set Tuesday night for a meeting to establish a training class for teachers of the Richmond Sunday schools.

Elaborate and interesting pictorial bulletins have been posted in the children's room, showing famous vessels of the 1812 period as well as those now engaged in the great war in Europe. The promise of a detailed diagram of the interior of a modern dreadnaught will excite much interest among the boys. All children are invited to attend the story hour.
